LOCATION

ORBIC: spherical; orbicular; orblike; circular

The name ORBiC indicates a complete union between two organisations with no beginning or end, subscribing to the principles of equality. Our values and ethics, that extend professionally and personally, reflect on the nature of our client relationships that are wholistic and consistent.

ORBIC as a spherical three-dimensional shape, accentuates our core values and ethics and the depth thereof.

This, for us, is our definitive value that gives us our edge in today's competitive market.

We pride ourselves in being trustworthy and fully committed to growing our reputation as a dependable and authentic firm.

RELIABILITY

Reflected in our customer orientated nature is our passion for people.

ORBIC's diverse thinking and inclusive office environment provides a positive base from which our employees advance.

PEOPLE

Our originality and resourcefulness enables us to successfully address diverse design challenges and translate progressive ideas into an innovative yet familiar context.

CORE
VALUES

INTEGRITY

ORBIC is a fair, open and honest firm.

These characteristics drive our core values and are a non-negotiable condition of running our business successfully.

SOCIAL AWARENESS

We pride ourselves on our open door policy. ORBIC's approachable nature allows us to focus our efforts on those who have not had the educational opportunity to further themselves in architecture.

We have employed, coached, mentored and offered bursaries to talented individuals.

ECOLOGICAL AWARENESS

Ecological responsibility is a growing concern as we start to see the effects of abuse on our planet. We have decided to play an active role and contribute meaningfully towards this cause.

We are constantly expanding our knowledge and expertise on this front to ensure a valuable facilitation thereof.

ETHICS

ASSESSMENT & DEFINITION

Each project has its own requirements with regards to the physical site, planning implications, statutory regulations and budget.

We utilise this data to advise our client on a program, the best approach and the professionals needed for the project.

Technical drawings with essential information for the purpose of construction are drawn up.

Submission to authorities is prepared.

DESIGN CONCEPT

A broad outline is prepared that aids in planning possible configurations and themes.

We advise our client on technical and functional characteristics, budget and the time-frame of the project.

TECHNICAL DOCUMENTATION

DESIGN DEVELOPMENT

ORBIC Architects submit and facilitate on behalf of our clients concerning Home Owners Associations, Aesthetic/Planning Commissions, Site Development Plans and Building Approval Plans.

The development of the concept to the extent where the construction of the building is clear.

We co-ordinate spatial factors with professional consultants and review the design based on their input.

EVERY PROJECT IS APPROACHED WITH A TAILOR-MADE SERVICE PACKAGE TO SUIT EACH CLIENT SPECIFICALLY.

Refining of construction drawings, schedules, specifications and contracts.

We co-ordinate the tender process and assist in the appointment of a qualified contractor.

Inspections and quality control will be done during the building process.

CONTRACT ADMINISTRATION & INSPECTION

SERVICES

URBAN DESIGN

We have developed a special affinity to being involved with the urban design of projects.

Being directly involved from the birth of the project in all aspects allows us to create superior products and developments.

INTERIOR DESIGN

Ranging from shop layouts to private homes, ORBiC can assist in the interior design of any project.

Our graphics department aids in professional visual layouts, logos and designs to complement marketing action that our client wishes to take.

GRAPHIC DESIGN

MARKETING & PRESENTATION

ORBiC produces a wide variety of visual aids, printed media or multi-media, specific to the required market.

The creation of a virtual environment can be modelled to produce realistic and artistic 3D renderings which enable our clients vision to come to life.
